**Early Career STEM Faculty**

**Goals/Objectives**
- Support for colleagues
- Balancing Priorities
  - Teaching
  - Student Research
  - Travel
  - Grants
  - Research logistics and facilities
- Course Equivalency
- Interdisciplinary collaboration
  - Ecology, Molecular Biology, Marine Biology, Mathematics, Physics, Engineering, Chemistry, Anatomy and Physiology
- Identifying future directions
- Promoting sustainable Undergraduate Research

**Moving Forward**
- Submit plan to Chancellor's Office for Le'ahi Space as a nucleus for Undergraduate Research.

**Members**
- Austin Anderson
- Aaron Hanai
- Wendy Kuntz
- Mackenzie Manning
- Kathy Ogata
- Amy Patz-Yamashiro
- Matt Tuthill

**Email Colleagues:**
- Herve Collin
- Dennis Perusse

**Thing(s) we’re excited about:**
- Identifying future directions and building capacity for STEM program, STEM students and STEM faculty
