### Guest Lectures

November 2000 – The Leader-Member Exchange Model of Leadership. Professor Dharm P.S. Bhawuk, Department of Management and Industrial Relations, University of Hawai'i at Mānoa.

April 2002 – The One Sample T-test. SOCS 225, Professor Robert Randall, Department of Psychology, University of Hawai'i at Mānoa.

April 2002 – The Two Sample Independent T-test. SOCS 225, Professor Robert Randall, Department of Psychology, University of Hawai'i at Mānoa.

April 2002 – The Two Sample Dependent T-test, Correlation Coefficient, and Confidence Intervals. SOCS 225, Professor Robert Randall, Department of Psychology, University of Hawai'i at Mānoa.

May 2002 – One-Way Anova, Tukey's HSD, and Chi-Square. SOCS 225, Professor Robert Randall, Department of Psychology, University of Hawai'i at Mānoa.

### **Research and Evaluation Projects** (involved in various capacities)

1. **Army Hawaii Family Advocacy Program**, Army Community Service (Schofield Barracks, HI) – Development of a Community Needs Assessment to determine the needs of Army families, especially with regard to preventing maltreatment and neglect and related family issues, as well as needs for marketing and catering subsequent education and training. Includes program evaluation component. (With The Catalyst Group, L.L.C.)
2. **Hawaii Advocate Program**, Hale Kipa (Honolulu, HI) – Statewide evaluation of a youth out-of-home placement prevention project. This is an intensive approach to helping troubled youth and families in crises, utilizing the indigenous paraprofessional counselors. This comprehensive multi-island evaluation includes quantitative and qualitative methods as well as process and outcomes data. Intermediate outcome variables assessed include: family management skills, problem solving skills, self-efficacy, family bonding, social support, coping skills, parental attitudes, family interaction, school grades & attendance, and youth sexual behavior. Ultimate outcomes include changes in youth out-of-home placement, youth abuse/neglect, criminal justice involvement, teen pregnancy, and school or employment functioning. Funded by State of Hawaii, Department of Human Services. (With The Catalyst Group, L.L.C.)
3. **Information Technology Technical Assistance**, The Republic of Palau, Behavioral Health Division (BHD) – Provide technical assistance to BHD in meeting the NOMS data submission requirements of their SAMHSA SAPT Block Grant. TA involves an evaluation of BHD's substance abuse client treatment data flow and business rules for managing the data as they relate to TEDS/NOMS, as well as expanding the client-server system design so that it provides the data infrastructure to support all the data collection, processing, and quality control required by BHD. (With The Catalyst Group, L.L.C.)
4. **Information Technology Technical Assistance**, Commonwealth of Northern Mariana Islands, Community Guidance Center (CGC) - Provide technical assistance to CGC in meeting the NOMS data submission requirements of their SAMHSA SAPT Block Grant. TA involves assisting the CGC in developing new admission and discharge forms and assessing the existing data system to suggest design improvements. (With The Catalyst Group, L.L.C.)
5. **Information Technology Technical Assistance**, Republic of Marshall Islands, Single State Agency (SSA) - Provide technical assistance to SSA in meeting the NOMS data submission requirements of their SAMHSA SAPT Block Grant. TA involves identifying the necessary data elements needed for data collection, developing appropriate data validation protocols, and designing an appropriate data system for storing, processing, and analyzing the treatment data collected by the SSA and for reporting the NOMS to SAMHSA. (With The Catalyst Group, L.L.C.)
6. **Leadership Survey**, State of Hawaii, Department of Human Services (Honolulu, HI) – Purpose of the survey is to gather and report input on the qualities, skills, abilities and other

pertinent characteristics that employees and other stakeholders would like to see embodied in the next top leadership positions at the Benefits, Employment and Support Services Division (BESSD) and MedQuest Division (MQD). These surveys were conducted via online website, paper-and-pencil questionnaire, and telephone interviews throughout the State of Hawaii. Data collected were analyzed and reported to DHS to be used as a tool toward recruiting and filling their next leadership positions. (With The Catalyst Group, L.L.C.)

7. **New Mexico State Incentive Grant Initiative**, State of New Mexico – Provide data management, analysis, training, and technical assistance services as part of Statewide evaluation of youth substance abuse prevention programs. Includes over 50 sites across state. Subcontract to Behavioral Assessment, Inc. Substance Abuse and Mental Health Services Administration (SAMHSA)/Center for Substance Abuse Prevention (CSAP) & State of New Mexico funded. (With The Catalyst Group, L.L.C.)
8. **Pulama I Na ‘Opio O Hawai’i**, Bay Clinic, Inc. (Hilo, HI) – Comprehensive evaluation of Island-wide youth anti-drug project for the island of Hawaii (Big Island). The purpose of the project is to increase access to substance abuse education, prevention, intervention, and aftercare programs to teens aged 12-17 and to decrease fragmentation of services. In addition to assessing ultimate outcome of substance abuse prevention, the evaluation effort also includes tracking changes in youth life skills (family bonding, self-esteem, cultural identity, problem solving, and avoiding negative peer influence) and school functioning (attendance, grades, sense of bonding and commitment to school). Qualitative evaluation methods include conducting site visits, observing project activities, and interviewing key stakeholders, including participant youth, parents, teachers, project staff, and others in the community. SAMHSA/CSAP funded. (With The Catalyst Group, L.L.C.)
9. **Imua Mau Ohana Project**, Maui Youth and Family Service (Paia, Maui, HI) – Culturally relevant and comprehensive evaluation of youth residential substance abuse treatment utilizing experiential modalities (Hawaiian cultural practices, voyaging, etc.). SAMHSA/Center for Substance Abuse Treatment (CSAT) funded. (With The Catalyst Group, L.L.C.)
10. **Wahiolanona’opio Project**, County of Hawaii (Hilo, HI) – Project evaluation of adolescent residential program on the island of Hawaii (“Big Island”) that is both experientially and culturally based. Led by Marimed Foundation, the project is administered by a partnership of adolescent treatment specialists on the island. Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) funded. (With The Catalyst Group, L.L.C.)
11. **Office of Social Ministry**, Catholic Diocese of Honolulu - Develop methods for effective and on-going performance measurement and evaluation of programs and services across 66 parishes throughout the State of Hawaii. Funded by Compassion Capital Fund grant from US Department of Health and Human Services (DHHS), Administration for Children and Families (ACF). (With The Catalyst Group, L.L.C.)
12. **HOPWA Outcomes Add-On Funding Project**, Gregory House (Honolulu, HI) – Comprehensive evaluation of supportive housing services for HIV infected homeless clients. Outcomes assessed include changes in homelessness and housing status, household income, treatment utilization (for medical, mental health, substance use in outpatient, inpatient and emergency room setting), substance use rates, employment status, criminal justice involvement, HIV status (T-cell & Viral Load count), perception of quality of life, self-

esteem, problem solving skills, psychological distress, HIV risk behaviors, and client satisfaction with program services. Department of Housing and Urban Development (HUD) funded. (With The Catalyst Group, L.L.C.)

13. **Ka Pa`alana Project**, Partners in Development (Honolulu, HI) – Assessment and recommendations for their program evaluation system for the project. The project serves the homeless/at-risk Native Hawaiian population through a mobile preschool outreach designed to transition families into emergency shelters and to offer a center-based preschool and family literacy services at emergency shelters that will better prepare at-risk Native Hawaiian families for success. (With The Catalyst Group, L.L.C.)
14. **Ho`oikaika Program**, Ke Ola Mamo (Honolulu, HI) – Evaluation of a culturally tailored health and wellness program for Native Hawaiians. Program services include personal training, nutrition consultation, case management, education, and health monitoring. The evaluation research was comprised of two stages. The first involved telephone interviews with all 2007 enrollees to assess participants' satisfaction with various components of the program as well as to determine which factors were contributing to a low program completion rate. (With The Catalyst Group, L.L.C.)
15. **Lei Anuenue Project**, Ke Ola Mamo (Honolulu, HI) – Culturally relevant evaluation of substance abuse & HIV prevention program for transgender youths and young adults of Oahu. Project sites include Honolulu, Waianae, and Waimanalo. Risk and protective factors assessed include religious or spiritual beliefs, self-efficacy, health care seeking behavior, sense of ethnic identity, attitudes toward substance use, and expectations of future safe sex practices. Ultimate outcomes include HIV risk behaviors, prevention of HIV and reduction and/or prevention of substance use. This is a baseline to discharge to 6-month follow-up assessment design with a comparison group. SAMHSA/Center for Substance Abuse Prevention (CSAP) funded. (With The Catalyst Group, L.L.C.)
16. **Maternal and Child Health Project**, Susannah Wesley Community Center (Honolulu, HI) – Consultation in the development of a Immigrant Parent Handbook in collaboration with immigrant-serving agencies and the InterAgency Council on Immigrants. The purpose of the project is to provide information to newly-arrived parents about the social expectations and norms in the U.S. and the availability of Hawaii's health and social services. Funded by the Maternal & Child Health Branch of the Department of Health. (With The Catalyst Group, L.L.C.)
17. **Parenting Adolescents Wisely Project**, Susannah Wesley Community Center (Honolulu, HI) – Program evaluation services for Hawaii State Incentive Grant (SIG) project that is aimed at preventing youth substance use in the Kalihi valley utilizing the Parenting Adolescents Wisely Model, which is a Center for Substance Abuse Prevention (CSAP) Best Practice. State of Hawaii, ADAD funded. (With The Catalyst Group, L.L.C.)
18. **Lanai Partners Against Substance Abuse (PASA) Project**, Lanai Youth Center, (Lanai City, HI) – Program evaluation services for Hawaii SIG project that are aimed at preventing youth substance use in this region utilizing the Creating Lasting Family Connections, Smart Moves/Smart Leaders, and Mentoring Models. State of Hawaii, ADAD funded. (With The Catalyst Group, L.L.C.)
19. **North Kohala Project Venture and South Kona Across Ages Project**, Family Support Services of West Hawaii (Kona, HI) – Program evaluation services for two Hawaii State Incentive Grant (SIG) projects that are aimed at preventing youth substance use in these

regions. State of Hawaii, Alcohol and Drug Abuse Division (ADAD) funded. (With The Catalyst Group, L.L.C.)

20. **Smart Moves/Smart Leaders Project**, Boys and Girls Club of Maui (Makawao, Maui) – Program evaluation services for Hawaii SIG project that are aimed at preventing youth substance use in this region utilizing the Smart Moves/Smart Leaders curriculum. State of Hawaii, ADAD funded. (With The Catalyst Group, L.L.C.)
21. **Positive Action Project**, YMCA Camp Erdman (Waialua, HI) – Program evaluation services for Hawaii SIG project that are aimed at preventing youth substance use in this region utilizing the Positive Steps curriculum. State of Hawaii, ADAD funded. (With The Catalyst Group, L.L.C.)
22. **Botvin Life Skills Training After School Project**, Kauai Economic Opportunity (Lihue, Kauai) – On-going program evaluation services for various-funded projects that are aimed at preventing youth substance use in this region utilizing the Botvin Life Skills Training curriculum. State of Hawaii, ADAD and DOD funded. (With The Catalyst Group, L.L.C.)
23. **‘Ahahui ‘Opio ‘Imi Pono Youth Mentoring Project**, Honolulu Community Action Program (Honolulu, HI) – Comprehensive evaluation of substance abuse & HIV prevention program for adolescent youths of Waianae coast of Hawaii utilizing the mentoring model. SAMHSA/Center for Substance Abuse Prevention (CSAP) funded. (With The Catalyst Group, L.L.C.)
24. **Ho`omohala Project**
25. **Data Infrastructure Grant (DIG) Project**
26. **Kealahou Project**
