

272G MDS

Assignment Checklist

I have not had one of these in my courses before, but I hope that it helps you keep track of your grades accordingly.

After each major essay, I typically print out a grade progress chart for each student that identifies what you are missing, what you might revise and polish. You should probably print this out for yourself and keep good track of what you are missing.

TW (Test Grade): The Core Assignments of this Course
~300 points
