

Honua Ola Environmental Community Service Fall 2008

Geography and Environmental Studies at UH-Hilo and HawCC

For students enrolled in Drew Kapp's UH-Hilo GEOG 102 (World Regional Geography) and HawCC GEOG 122 (Geography of Hawai'i) courses.

Objective

Each student is asked to participate in one community service project event during the semester, aimed at restoring or improving **environmental well-being** in a community.

Documentation and Sharing

Each group or individual must create a **visual record**, such as a photo, sketches, or a short movie that we will post on the class website, as a positive example for others.

Student Participants

Please **complete** the information below, and have a project facilitator sign off if Drew is not present at the activity. Please, then, **return** this form to Drew.
