READING LIST 2016-2017

Reading list is subject to change in subsequent semesters. Please contact the exam committee chair to be sure you have the most recent list.

Focus Area
Community engagement considers the ways information professionals in libraries and other settings collaborate with community members and organizations. Typical activities include performing community needs assessments, developing initiatives to promote literacy, and collecting and archiving local histories. This area provides an overview of community engagement theory and practice. It explores use of information for diverse cultural activities and emphasizes critical analysis of policies, services, and trends.

CIS Exam Area Pre- and Co-requisite
