The Greenstone Digital Library Software Conference
With the assistance of Outreach College, the Library and Information Science Program is pleased to present a special 3-day conference on the Greenstone digital library software. Greenstone is a comprehensive, open-source system for constructing, presenting, and maintaining information collections, and may be of particular interest to those involved in building digital libraries for managing institutional or personal digital collections (documents, photos, videos, etc.) This is a unique opportunity to learn about this tool directly from its developers.

The Greenstone Digital Library Open-Source Software
Event ID: S08554
Info: Jun 6 • Tue • 9:00am-1:00pm • 1 mtg • UHM Hawaii Institute of Geophysics 110 (Auditorium) • $59

Building Digital Library Collections with Greenstone
Event ID: S08555
Info: Jun 6-8 • Tue • 2:00-5:00pm • Wed/Thu • 9:00am-5:00pm • UHM Bilger 319 • 3 mtgs • $269 • bring your laptop computer for this hands-on workshop

The Greenstone Digital Library Software (All Sessions)
Event ID: S08556
Info: Sign up for all sessions of the Greenstone Digital Library Software conference for $299 and receive a $29 discount. Registration deadline is May 26th.

Instructors:
Ian H. Witten is Professor of Computer Science at the University of Waikato, and directs the New Zealand Digital Library research project (where Greenstone software originates). He has published widely in the areas of digital libraries, data compression, information retrieval, and machine learning. He is co-author of "Managing Gigabytes: Compressing and indexing documents and images" (1999), "Data mining: Practical machine learning tools and techniques with Java implementations" (2000), and "How to build a digital library" (2003). He is a Fellow of the ACM and of the Royal Society of New Zealand, and a member of professional computing, information retrieval, and engineering associations in the UK, USA, Canada, and New Zealand.

Katherine Don works as a research engineer for the New Zealand Digital Library research project at the University of Waikato, New Zealand. A key player in technical development, her responsibilities include the design and implementation of the new Greenstone 3 software, as well as support and advancement of the standard Greenstone software (Greenstone 2).

Registration Information

Register by Phone: when paying with your VISA or MasterCard, conveniently register by calling: (808) 956-8400.

Register by Mail or Fax (808) 956-3752: Provide all information requested on the Noncredit Registration Form: http://www.outreach.hawaii.edu/pdfForms/nc_reg.pdf and remit with full payment.

Withdrawal/Refund
You receive a full refund if your request is received by 12 noon two working days before the course begins, unless otherwise specified. Withdrawal/refund requests are made by phone (956-8400), in person, or by writing to Outreach College. No refunds are made thereafter, although substitutions may be permitted if requested.

Parking
Before 4:00pm on weekdays, you may park in designated visitor parking areas for $3, which include nearly 2,000 spaces in the Lower Campus Parking Structure: http://www.hawaii.edu/parking/map.html.

For more information on the program, visit http://www2.hawaii.edu/~lquiroga/Greenstone/GreenstoneInvitation.htm or contact Luz M. Quiroga: lquiroga@hawaii.edu.
