We need your help

The Animal Care Foundation is a non-profit organization dedicated to defending animal rights in Hawaii. This includes adopting out animals that have been abandoned.

There are many dogs and cats born into unfortunate situations. Many abandoned animals are neglected and abused are dropped at our doorstep looking for the love and attention they deserve.

At the Animal Care Foundation, we strive for animal rights. We take these animals and assess their health, condition and personality through a two-week quarantine process. During this time our staff analyzes our new animals to see if they are adoptable. Patiently the new pets wait to find their forever home.

“One Life, One Love.”
Why adopt a shelter animal?

Promoting breeding doesn’t contribute to reducing the population. Some of our animals appear not adoptable until we socialize them. Our adoption process is simple. With no adoption fee, come in and see which pet is suited to you. Complete an adoption application which includes your information. It will take approximately a week for our adoption coordinator to approve you. Now you ready to welcome your new member of the family.

How you can help

We are always open for donations whether monetary or otherwise. Every donation helps ensure comfort and well-being to all of our animals and facility.

Volunteer

Volunteers are always welcome to help at our facility in Hawaii Kai. Volunteer duties include:
- Laundry
- Dishes
- Litter box scooping
- Dog walks
- Kennel change outs
- Sweeping and mopping
- General cleaning

You can also volunteer promoting our local events, taking photographs and designing flyers. Next you can release them online through our Facebook or craigslist.

Sponsorship

For just $35 a month, sponsoring an animal will cover food, shelter and medical bills. This also applies for adoption drop off however a $200 fee will be placed for the first month then continues with $35 sponsorship until the animal is adopted.

Donations Needed

- Towels (large & small)
- Pet bowls
- Blankets, sheets, and pillow cases
- Plastic grocery bags
- Newspaper

Spay and Neuters

Importance

Due to the high population on animals on Oahu, spay/neutering your pet is an importance to stop the numbers. All adoptable animals at ACF are spayed/neutered and microchip to ensure your new pet never gets lost.

ACF offers affordable spay and neuters for dogs and cats. Recommended pain, antibiotics and tranquilizers are $20 extra but are worth it for your pets recovery.

Estimates:
- Cats male & female : $35.55
- Male Dogs: $50.00
- Female Dogs: $56.81

Other accessories such as cones, pedicure, ear clean can also be included at your convenience.

Newly microchip animals will have their information sent to Hawaii Humane Society.
