

## **Mission Statement of Nā Pua a Ke Ali'i Pauahi, Inc.**

Our mission is to support the Kamehameha Schools in providing quality education in a nurturing environment. As those who have received the benefit of the legacy of Ke Ali'i Pauahi, we believe that we are beneficiaries of her estate and are morally obligated to ensure that the Kamehameha Schools continues to carry out its mandate to produce good and industrious men and women. The creation and maintenance of right relationships within the greater Kamehameha family and the larger Hawai'i community is central to the accomplishment of our mission.

## **Vision Statement**

We view ourselves as a major resource for the Kamehameha Schools. We are at once the sisters, brothers, and children of the Schools. As a family we offer support, protection, and loving guidance to the Schools, their administrations and Trustees. As the family, our perspective is the view of at least three living generations of grandparents, parents, and youth. Each generation provides its respective combination of experience, wisdom, energy and enthusiasm to support the Schools in their continued growth and development. We are bound to one another and the Schools by the acts of hānai which brought each of us in to the family of Ke Ali'i Pauahi.

## **Operating Principles**

### **Pono - Righteousness**

We will guide our actions according to what is correct, proper, and morally sound. We will not allow self-interest, financial gain, or the pursuit of power to influence our decision making as we proceed without fear or favor.

### **Hō'ihi - Respectfulness**

We are committed to treating one another and the other members of the Kamehameha family and Hawai'i community with respect even as we may happen to disagree with their acts.

### **Kūkākūkā - Constructiveness**

We will always choose the most constructive means of action which is available to us. We will seek to influence change by persuasion and thoughtful reflection before other means. We will pursue dialogue and agreement over confrontation and imposition.

### **Laulima - Inclusiveness**

We will seek to include all who support our mission. We acknowledge that the help of many hands and minds will be necessary for the nurturing of an institution of the size and complexity of the Schools.

### **'Onipa`a - Steadfastness**

We expect that we will remain committed to the completion of our accepted task, even in the face of determined opposition. Our effort, as the Schools themselves, must continue to perpetuity and is ultimately the work of generations.
