Voyager Catalog: Survival Guide

(we know it’s confusing and we’re here to help)

Q: What is Voyager?

A: Voyager is an online catalog (replacing the old card catalogs) that helps you locate books, e-books (through Ebrary), videos, CDs, and periodicals, such as magazines and journals.

Q: How do I find Voyager?

A: You can link to it from the UHWO Library web site here: [http://www2.hawaii.edu/~uhwolib/research.html](http://www2.hawaii.edu/~uhwolib/research.html)

It’s 4 AM and your paper is due at 9 AM! What do you do! Select books **only** available at UHWO to get it fast!

Q: What if UHWO doesn’t have the book(s) that I need?

A: If you have some time until your assignment is due, select “UH Library System” to search all UH libraries. You can borrow books from other libraries; just allow 7-12 days for the item(s) to arrive at UHWO. Plan ahead!

Q: How do I search for books?

A: We’ll show you with this guide! (Of course, if you ever need assistance, please contact your friendly neighborhood Librarians, Sarah, Alphie, Genie, Pearl, or Sara, by email, chat, phone, or face-to-face.)
This is Voyager. The search box is used to find books, journals, magazines, and media. You can login to your personal Voyager account to renew books, look at books checked out to you, and see what you’ve requested!

Search for “tattoos” in the search box. Voyager defaults to a Keyword search, which will look for your word anywhere in the item record.
These are the results of your search. You can click on a record to expand it, and you can choose “Quick Limit” on the right to remove the UHWO limit, etc.

If we select item #6, we can see the full record. In addition to seeing the author, publisher, subjects, etc. we also find holdings information.

For this record, scroll down to see UHWO’s copy in the Hawaiian/Pacific (H/P) collection.

When looking at a record for an item you want, why write down the call # when you can text it to yourself?
In addition to regular books, Voyager automatically retrieves e-books, indicated by “Electronic Format”.

When we click on the e-book record, we can see links to the book. Click on “Access for UHWO students, faculty, and staff”. You will be taken to the book via Ebrary. (Please ask your librarians for more information about Ebrary!)

(Please ask your librarians for more information about Ebrary!)
Let's go back to a record. If UHWO doesn't have a book that you need, or it's checked out, you can “Get This Item” sent to you. Click “Get This Item” on the right side of the screen.

(The right-hand bar of the record has many other useful links!)

Requesting an item from another library takes 7-12 days, so plan ahead!

You can also print or email the record so you don’t have to recreate your search!

And, if you want to know more about a book before checking it out/requesting it, click “About This Book” to go to the Google Books information page.
When selecting a book to be sent from another library, click the first option, “Hold or transfer this item”.

If you want to recall a book that’s checked out, select the second option, “Recall this checked out item”.
