I. Service: Out-Reach Activities

In developing close working relationships with the public and private sectors, the K. J. Luke Chair continues his out-reach activities through the Asia-Pacific Financial Markets (FIMA) Research Center, in which he serves as Executive Director. His activities were culminated by three major conference programs during the academic year 2000-2001: (i) the ADBI/FIMA Symposium on Designing a New Financial Structure in the Post-Crisis Asia organized in May 2001 at the request of the Asian Development Bank Institute; (ii) two two-day FIMA conferences organized at the request of the Indonesian Ministry of Finance to promote the Development of Municipal Bond Market in November 2000 in Surabaya and Jakarta; and (iii) a two-day FIMA Conference on the Development of Government Bond Market organized at the request of the Indonesian Ministry of Finance in Jakarta in July 2000.

The K. J. Luke Chair’s policy research work was continually in demand, from multilateral financial institutions, including the Asian Development Bank, Asian Development Bank Institute, Pacific Economic Coordination Council under the umbrella of the Asia-Pacific Economic Cooperation, Organization for Economic Co-Operation and Development, and World Bank, to various research institutions in the Asia-Pacific region. His out-reach activities are listed under the following four categories:

A. Conferences Organized

This two-day Conference was successfully organized at the Jakarta Convention Center on July 25-26, 2000. In addition to the Asia-Pacific Financial Markets (FIMA) Research Center, the Indonesian Ministry of Finance (MOF), APEI Foundation, and the Indonesian Economists Association were the co-organizers of the Conference. Mr. Noor Fuad, Secretary General, who is the second highest-ranking member of the Indonesian MOF, and the K. J. Luke Chair served as program co-chairs. As indicated in the attached Conference Program, the following individuals served as keynote speakers:

- Bambang Sudibyo, then Minister of Finance
- Mr. Hubert Neiss, Chairman, Deutsche Bank Asia (Singapore)
- Dr. Sjahrir, President Director of PT Sjahrir Securities
The Conference was sponsored by PT Danareksa (Persero); PT Bahana (Persero); PT Bank Mandiri; and Deutsche Bank AG. The estimated attendance was 250 participants, including representatives from the Indonesian MOF, Bank Indonesia (central bank), securities companies, commercial banks, and multilateral financial institutions (IMF, World Bank, and Asian Development Bank). Due to its timeliness, feedback on the conference was overwhelmingly positive from the local participants. The conference also presented a wonderful opportunity of enhancing the visibility of the University of Hawaii and the FIMA Research Center.

Two back-to-back conferences in Indonesia were concluded for the Indonesian Ministry of Finance. The first conference was organized on November 21-22, 2000, in Surabaya, which is the second largest city in Indonesia. The Surabaya Conference was followed by a one-day conference on the same subject in Jakarta on November 24, 2000.

Two Indonesian organizations worked with the FIMA Research Center for the creation of the two conferences -- the Research Foundation of the Association of Indonesian Securities Companies and the Indonesian Economists’ Association. In addition, Municipal Finance Authority of British Columbia (Canada), Korea Stock Exchange, Capital Market Supervisory Agency (BAPEPAM) and Debt Management Unit, under the Indonesian MOF, collaborated with the FIMA Research Center for the conferences. Both conferences were a big success as evidenced by the number of attendants:

The K. J. Luke Chair served as program co-chair with Mr. Noor Fuad, Secretary General of the Indonesian MOF, for both conferences.
3. **ADBI/FIMA Symposium on Designing a New Financial Structure in the Post-Crisis Asia, May 10, 2001, Honolulu**

   This one-day Symposium was co-organized by the ADB Institute and the FIMA Research Center to disseminate and to promote discussions on policy recommendations on “How to Design a Financial Market Structure in Post-Crisis Asia.” The Asian Policy Forum (APF) research team prepared these policy recommendations by the ADB Institute. The K. J. Luke Chair served as one of core members of the team between September 2000 and May 2001. This Symposium was organized on May 10, 2001, in Honolulu during the 34th Annual Meeting of the ADB Board of Governors. The FIMA Research Center collaborated with the following institutions for the Symposium:

   - Asian Development Bank
   - ADB Institute
   - Capital Market Supervisory Agency (BAPEPAM)(Indonesia)
   - China Securities Regulatory Commission
   - Federal Reserve Bank of San Francisco
   - Financial Supervisory Commission (Korea)
   - Keio University (Japan)
   - Korea Development Institute
   - Ministry of Finance (Japan)
   - PEFINDO (Indonesia)
   - Securities Commission (Malaysia)
   - Securities and Exchange Commission (Thailand)
   - Siam Commercial Bank (Thailand)
   - State of Hawaii
   - University of Hawaii
   - University of Pennsylvania

   The Symposium was attended by approximately 130 participants, including APF research team members, invited observers from the local Hawaii banking and securities industries, ADB annual meeting participants, and University of Hawaii faculty and students.

   The K. J. Luke Chair served as Program Chair of the Symposium.

4. **2001 PACAP/FMA Finance Conference**

   The FIMA Research Center will serve as one of co-sponsors of the upcoming 2001 PACAP/FMA Finance Conference to be held in Seoul, Korea, on July 5-7. This Conference will be supported by the Korea Stock Exchange and the Korea Securities Dealers Association. Dr. Young-Jin Kim of Seoul National University and Dr. Woon-Youl Choi of Sogang University will serve as program co-chairs for the academic sessions and Dr. Rosita P. Chang, Executive Director of the FIMA Research Center, is program co-chair for special sessions. All four
academic associations in Korea (Korea Finance Association, Korea Securities Association, Korea Options/Futures Association, and Korea Financial Management Association) will participate in the Seoul Conference as co-sponsors.

B. **New Initiative for the Asian Shadow Financial Regulatory Committee**

To reinforce his out-reach activities, the K. J. Luke Chair agreed to collaborate with Professor Benink A. Harald of the Rotterdam School of Management of Erasmus University for the creation of the Asian Financial Regulatory Shadow Committee. Professor Harald was instrumental in creating the Latin American and Japanese counterpart committees. These committees are modeled after the U.S. Shadow Financial Regulatory Committee, which is charged to identify and analyze developing trends and ongoing events that may affect the efficiency and safe operation of sectors of the financial services industry; to explore the spectrum of short- and long-term implications of emerging problems and policy changes; to help develop private, regulatory and legislative responses to problems that hinder efficiency; and to assess and respond to proposed and actual public policy initiatives with respect to the impact on the public interest.¹
