PowerPoint Demonstration Assignment
(25 points)

Create a PowerPoint presentation that demonstrates how to create something (i.e. cooking recipe). This assignment will be done either individually or in pairs. You may select your own partners and topic, but you must first get approval from the teacher for both your partner and your topic. Your PowerPoint presentation must include all of the following criteria:

☐ Approval of topic prior to presentation (1 point)
☐ Submission of slide print out on day of presentation (6 slides per page) (1 point)
☐ Minimum 6 slides/Maximum 10 slides (3 points)
☐ Design template for entire presentation (2 points)
☐ Slide transitions for every slide (2 points)
☐ Custom Animation on at least 3 slides (2 points)
☐ Minimum of 3 pictures or clipart (1 points)
☐ Title slide (must include full names of both partners and class period) (1 point)
☐ Conclusion/"questions" slide (1 point)
☐ Correct Spelling (excluding names) (1 point)

Assessment
This assignment is worth a total of 25 points
➢ 15 total possible points for the slides
➢ 10 total possible points for the presentation

You will be assessed by both the content of your PowerPoint Slides and on your presentation to the class.

Each individual will be assessed individually and must have equal parts in their presentation (equal speaking time). The presentation must be 6-10 minutes. Failure of individuals to have equal speaking time will result in a 2-point deduction.

The entire presentation must be turned into the designated folder on the due date specified. Failure to turn in a presentation into the designated folder will result in a 2-point deduction.
