Index of winds

Preface

The index of winds is arranged alphabetically by the name of the wind followed by the land location for that particular wind. The list of winds was compiled from the book "Ka makani: mai ka puke wehewehe 'ōlelo 'o Hawaiian Dictionary e Samuel Elbert a me Mary Kawena Pukui Honolulu 1971, University of Hawaii Press, complied by Kati Loke Rose." I consulted the 1991 Revised and Enlarged Edition of the Hawaiian Dictionary by Mary Kawena Puku'i and Samuel H. Elbert while creating this index. However, not all of the islands and land locations of the wind were included in "Ka makani: mai ka puke wehewehe 'ōlelo 'o Hawaiian Dictionary." Please refer to the explanations as indicated by the symbols that precede the name of the wind for further clarification.

Symbols in the index:

* Indicates that the name of the rain was referred to the Hawaiian Dictionary and that the spelling may vary.

(Cap.) Refers to the name of the rain being capitalized.
